

## “UK – Electronic Components Industry Dinner”

Thursday 10<sup>th</sup> June 2010 – London

Dear *ecsn / afdec* Members and Dinner Guests,

On behalf of *ecsn / afdec* it's my pleasure to write to you with details of the next “UK – Electronic Components Industry Dinner”, which will be held on **Thursday 10<sup>th</sup> June 2010**, at The Millennium Copthorne Hotel, Fulham, London, W6 1HL.

The feedback from previous events confirms that these dinners are a great opportunity to meet up with your peers, colleagues, suppliers and friends across the electronic components industry and gain an improved insight into “what's happening in the market”...

We are delighted to have secured an acknowledged leader in the field of commercialising space research **Mr Andy Bradford – Engineering Director – Surrey Satellite Technology** to provide us with an insight into “*Affordable Access to Space*” and the activities of Surrey Space Centre. In February Andy was stuck in the snow at Munich airport and couldn't make it to our dinner... Fortunately Mark Jones – COO – Omron and Gene Conahan – President – TTI Europe kindly stepped in to present “The Electronic Components Industry After The Crisis”.

Prior to the dinner **Aubrey Dunford – Managing Partner - Europartners** will provide members and guests with an overview of “**The Electronics Industry Digest...**” a publication aimed to keep you updated on our industry in a quick easy read format.

I look forward to meeting with you on the 10<sup>th</sup> June and hope you'll also take the opportunity to invite your customers, colleagues and friends to join us. Please reserve your seat(s) at the Dinner using the booking form provided with this letter.

Yours sincerely

Adam Fletcher  
Chairman – *ecsn / afdec*

Andy Bradford

Director of Engineering

Surrey Satellite Technology Ltd [www.sstl.co.uk](http://www.sstl.co.uk)

Having gained an MSc in Astronautics and Space Engineering from Cranfield University in 1995, Andy worked initially at the European Space Agency in the Netherlands and then transferred to a Spacecraft Propulsion systems specialist before returning to the UK in 1999 to join Space Innovations Ltd. on Small Satellite projects. Andy joined SSTL in 2000 and during his time there has

GIOVE-A (Image Courtesy of ESA)

managed several projects, most notably the GIOVE-A project, where SSTL developed and launched the first satellite of the European Galileo Programme. The GIOVE-A satellite was launched at the end of 2005 and is still operating successfully after exceeding its nominal operational lifetime by almost 2 years. For the last two years Andy has held the position of Director of Engineering

# "UK – Electronic Components Industry Dinner"

Thursday 10<sup>th</sup> June '10 - Millennium Copthorne Hotel, Chelsea.

\*\*\*\*\* BOOKING FORM \*\*\*\*\*

*//We wish to book ..... place(s) at the UK – Electronic Components Industry Dinner (all prices quoted are inclusive of VAT). You may also reserve tables of 8 – 10 – 12 in your company name. (You do not need to advise guest names at this stage, but please advise us prior to the event – Thank you.)*

<b>Costs:</b>	<i>Single place - £70</i>	<i>Two to Five places - £65 per person</i>
	<i>Six to Nine places - £60 per person</i>	<i>Ten places and above - £55 per person</i>

*Our cheque for the sum of £..... payable to the Electronic Components Supply Network Ltd is enclosed and we understand that a VAT receipted invoice will be sent to us along with our invitation cards.*

*If you wish to pay by Credit Card\* (not American Express) please complete as follows:-*

*Card No:        \_ \_ \_ \_ / \_ \_ \_ \_ | \_ \_ \_ \_ | \_ \_ \_ \_    Expiry Date: \_ \_ / \_ \_*
